Sorry Eric, I see you didn't send it to the LWG :-)

I think they are everyone's issues. We need to figure out how to resolve for the Round 2 Report.

O.k., I didn't know you were going to send my issue list as written in a draft e-mail to the LWG.

Subject: Issue Summary Table

Attached is a table that (hopefully) summarizes the outstanding issues related to the Round 2 Report. This list was generated based on the various issue summaries and status reports that have been generated over the past two or three weeks. We have included a proposed process and time-frame for resolving each of the issues. This table is for discussion purposes only will be distributed at today's meeting to facilitate discussion. My hope is that we can document the areas where we have agreement, add any outstanding issues that are not included on the table, reach agreement on what issues are critical to development of the Round 2 Report, and reach at least general agreement on a path forward for unresolved issues.

If you have any questions, please let me know.

Thanks, Eric
